

## BUILD A SLED

Okay, winter is coming. As long as you don't live too far south, that means there is some fun in the snow coming too. I do love sledding. Feeling the wind ruffle my feathers when I reach Mach 3 down a slope.

## FLIP OVER FOR YOUR NEXT CHALLENGE

### EARN THIS NUGGET

Create an awesome downhill ride and then use it very, very, very, very responsibly.

LEVEL 3

PERIOD 8

TASK 1

Over the years I have created some fun contraptions for the snow. Some could almost have been entered into a parade being towed by reindeer. Others were nothing much more than trash bags. But they were all fun.

Your challenge is to hunt through available junk at home and among friends and family. Then cobble together the rig to rival anything anyone else has on the block.

How you define that is up to you. But I have high hopes for you, Cragman. Do me proud.
