

FEED AND WATER PETS

You know what I bet you like? I bet you like to get fed every single day. Am I right? I bet you like to drink occasionally too. Well, our pets are the same way. It takes a lot of responsibility to make sure they get what they need every day. How would you like it if someone forgot to feed you for a couple of days? Wow, that would be horrible. But you have a voice and can ask for a snack. Our pets aren't able to do that.

TASK 1

You know what I bet you like? I bet you like to get fed every single day. Am I right? I bet you like to drink occasionally too. Well, our pets are the same way. It takes a lot of responsibility to make sure they get what they need every day. How would you like it if someone forgot to feed you for a couple of days? Wow, that would be horrible. But you have a voice and can ask for a snack. Our pets aren't able to do that. You are going to be responsible for taking care of one of the family pets. Do you think you can do that? I know you can.

- Let your parents select a pet, or pets, that you are going to be responsible for.
- You'll need to know when feeding time is.
- You'll need to know what portions need to be given.
- You need to clean up any mess and make sure bowls are cleaned, if necessary.
- You'll need to make sure the food packages are put away and stored properly.
- You'll need to monitor throughout the day and make sure water does not run out.
