TASK 1

It may be at the mall, at the theater, a restaurant, a hospital, or a different church. Your challenge is going to be to look for the bathroom.

1. Look out for directions to the restroom.
2. Make sure you know which one is for you.

Sometimes the symbols can be a little tough to figure out, so see how well you do. And remember, never run off to a bathroom without telling your parents where you are going, they'll still want to know where you are going.
