TASK 3

So, are you up for this challenge? Or would you rather I give you a challenge that involves sweeping the floors? I thought you'd say that.

1. The first part is going to be to get yourself some cookie dough. Now, with your parent's direction, you get to choose whatever you want. But I have to recommend something with chocolate chips ... I'm just saying.

2. Next, follow the instructions on the label. You are going to have to preheat the oven and put the cookies on a greased cookie sheet.

3. And most importantly, you need to be safe. Ovens get super-hot and can burn you. You need to listen carefully to your parents, or have them do the dangerous part.

4. Finally, you need to enjoy them there cookies with your family. I wish I could join the fun.

Good luck, and enjoy.
