TASK 2

You are going to need graham crackers, a chocolate bar (broken into small pieces), and of course, those all-important marshmallows.

Cook the marshmallows over that open fire.

Always take care around fire and have parental supervision!

Then make a sandwich out of the graham crackers with the marshmallow and a piece of the chocolate bar as the filling.

The real trick to s'mores is to have everything laid out ready for you. Graham cracker ready to receive that runny marshmallow, chocolate broken in pieces and ready to be applied.
