

USE PUBLIC TRANSPORT ON YOUR OWN

In this day and age, when everyone seems to have their own transportation, there still comes a time when you will need to use public transport. If you don't live in a major city, this may all be new to you. As we strive to make you a Skill Trekker, we need to cover all the bases.

FLIP OVER FOR YOUR NEXT CHALLENGE

EARN THIS NUGGET

With your parents oversight, organize a trip that utilizes at least two types of public transport.

So this time, your Nugget earning challenge is to plan a trip using public transportation.

- You need to research and plan your route including pick up, drop off points, and any changes that are necessary.
- If possible, utilize more than one type of public transportation.
- Embark on your trip. This is a challenge for the teen to do on their own. Of course, having another family member present either at a distance or a silent partner is only sensible in this day and age. Use your discretion and stay safe.
